

## May Day Was Lots Of Fun

### YOUNGSTERS STAGE THRILLING STREET PARADE

Saturday morning the people of Grayling who saw the "Parade on Wheels" experienced a real thrill. Every type of costume and every type of wheel was in line. The boys and girls of Grayling have proved their creative ability and cleverness.

It was a most difficult task for the judges to choose the prettiest, the most comical and the most clever. The winners of the prizes for the prettiest entries were Nelle Cary Welsh in a white suit riding on a gayly decorated bicycle; Barbara Borchers and Patsy Hope Heric as carnation girls on roller skates; and Emily Giegling as a Dutch girl in blue and white on a tricycle.

The winners for the most comical were Jerry Barger as a tramp on roller skates; Bobby Smock and Bobby Bennett as a nursemaid and a baby in a buggy; and Rose Bishaw as a colored mammy pushing a cart.

The prizes for the most clever entries were awarded to little Miss Clough who had her dog in her doll buggy; to Guinevere Trudeau and Eddy Cody dressed as a beautiful lion tamer in a white satin suit and a negro costume; and to the Case children who entered a lilac decorated wagon representing some of the antics of "Our Gang."

At Conine's Park about 100 children participated in the events directed by the WPA Recreational leaders. Those events in which the boys and girls participated were mumblety peg, rope jumping, bicycle race, 50 yard dash, standing broad jump, and peanut race. Blue ribbons were awarded several boys and girls in the various contests.

The Wetomachick Campfire Girls are grateful to all those who helped in this attempt to entertain again the boys and girls of Grayling. They want to thank Miss McNeven and the harmonica band for the music for the parade, the Boy Scouts, and all the merchants who helped with the prizes.

Without the recreational leaders of the WPA project it would have been impossible to have had this day of fun. If the boys and girls of Grayling would like to participate in a "Fun Day" each month the Recreational leaders will be glad to plan for it. They have possibilities in mind for a "Bubble Day," a "Water Carnival" and a "Soft Ball Meet."

## GEORGE GRANGER NEW CITY MANAGER

At a council meeting Monday evening, George Granger was engaged as city manager to succeed C. A. Miller whose resignation takes place June 1st.

This appointment is a fine recognition of one of Grayling's own young men. George Granger was born in Mississippi, coming here 27 years ago, and graduated from Grayling schools. After finishing school he went into the trucking business in which he made enough money for a start in college. He entered the civil engineering department of Michigan State College from which he graduated with honors.

George was a natural student and ambitious in everything he attempted to do. During vacation periods in his college years he worked as surveyor with forestry crews which brought him good financial reward besides giving him a lot of valuable practical experience. Although still a young man, we have every confidence in his ability to take over the managerial responsibilities of Grayling and do a good job of it. Whoever took over this work would have to learn some things from experience. And so it will be with Mr. Granger, but we are sure that he will master the job very quickly. He has the backing of an experienced and excellent council, and we are sure the people will agree that our city affairs are still in capable hands. Congratulations and best wishes from your friends, George.

## Legion Convention Here June 14th

### REPRESENTING PARTS OF THREE CONGRESSIONAL DISTRICTS

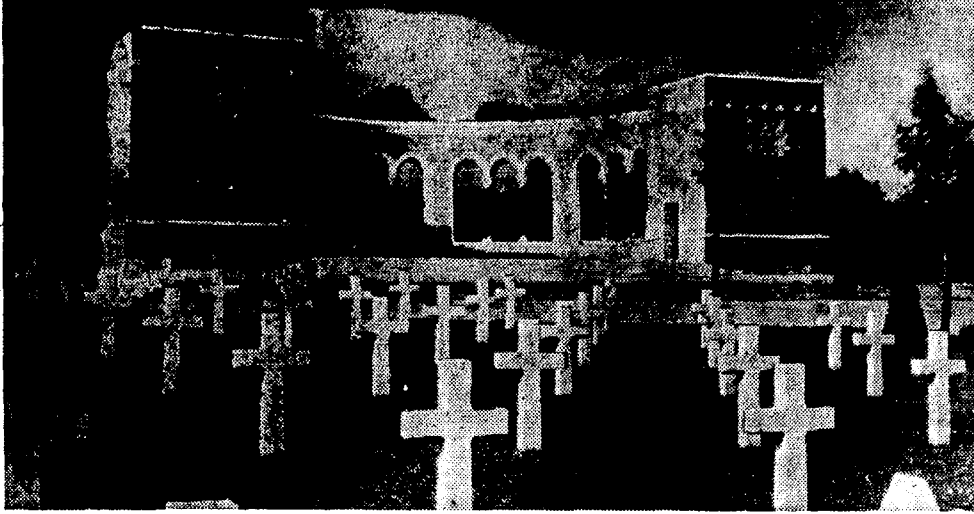

Legionnaires and their families of the 9th, 10th and lower 11th districts have been invited to come to Grayling on Sunday, June 14 for an all-day picnic in conjunction with the mid-summer district meeting that is scheduled to be held here on that date.

District Committeeman Alfred Hanson and Post Commander John Erkes of Grayling Post are busy making all arrangements and from what we can learn there's going to be one big celebration. The meeting and picnic are to be held at Camp Grayling, Lake Margrethe, with ball games, dancing and other amusements to make up a pleasant day for old and young.

## That We Might Have Security

## Annual Junior Prom Beautiful Party

The school gymnasium was the scene of another victory, Friday evening when the Junior class entertained with the annual class prom.

Charmingly decorated in a replica of a veritable garden scene, the gymnasium told a story of a painstaking task of decorating in a manner that was as simple as it was effective.

The members of the orchestra, Westaff's Wolverines, were seated before an enormous white garden sprinkler some ten feet in height while the platform was carpeted in green and several stately tulips added a touch of color to the background; harmonizing with the bright blue trimming of the sprinkler.

At the end of the room and in criss-cross style, garden implements of Paul Bunyan size consisting of a rake and a hoe, drew more than a little attention, and a huge fat caterpillar, a couple of feet in length, flattened himself across the top of the sprinkler and added a ludicrous touch.

The entire effect was brightened by large flower pots in pastel shades holding spring flowers of flamboyant colors of gold, orchid, flame, in tulips, daffodils, etc. These pots were placed at intervals along the sides of the room and the cleverly fashioned blooms reached to the very balcony of the gymnasium. At the base of each flower pot, a shaded light had been placed; furnishing nearly all of the lighting effect and lending a subdued glow over the dancers.

Lattice work of green crepe paper added a touch of green to the scene and further carried out the garden effect. Green, iron benches took place of the usual davenport and chairs, lending a rustic atmosphere to the dance floor.

Replicas of bees, butterflies, bugs, etc., spread gauzy wings over the dancers and were centered by a huge bluebird which, like a model airplane, spread its wings over the centre of the room.

At twelve o'clock some two hundred dancers assembled for the grand march, which was led by Miss Pauline Entsminger and Stephan Jorgenson, the pastel shades of the gowns forming a picturesque pattern in the subdued light of the dance floor. Plenty of confetti and large quantities of serpentine converted the after-midnight stage of the dance into a gay madhouse, with most of the merry-makers vying with each other to secure the usual souvenirs. The music throughout the evening was exceptionally good and much enjoyed by the dancers.

To Miss Olive Peeke, class adviser, goes much of the credit for the beauty and charm of the decorations; she being the master mind behind the interior decorating project. Secondly we wish to compliment the members of the committee and the remainder of the class. Everyone did his bit for the project. The task was one which called, not so much for money, but more for an imaginative and creative mind and a great deal of good hard work.

And so that evening went down in the High School records as a truly successful enterprise on the part of the class members, and a memorable evening in the

lives of the guests of honor—the Seniors.

The evening was made more pleasant by the presence of several out-of-town guests from Roscommon, Gaylord, and other cities nearby.

Judge of the 34th Judicial Circuit, successor of the late Judge Guy E. Smith.

## V. F. W. Notes

The regular meeting of the Veterans of Foreign Wars, No. 1224, was conducted at the Lyric dance hall, Friday night, with Commander Arthur E. Wendt in charge. After routine business was discussed there were some important plans made for the development of the work of the local Post. An attendance and program committee will work out a series of events which are sure to be of much benefit to the whole community. Community benefit and worthy enterprise are the objectives of the Post.

The next regular meeting will be conducted at Camp Eldorado on Friday, June 5. It is hoped and expected that every officer will be there and ready to give 100 per cent cooperation.

The most hearty appreciation of the Post is extended to the public for the ready purchase of the beautiful poppies, and especially to the splendid group of young ladies who gave their services in selling.

It is a great pleasure to announce that Rev. Fr. James Moloney is to deliver the Memorial Day address at 11 a. m. in the cemetery grounds, Saturday, May 30. We are glad to unite with the American Legion in this day's exercises. There will be a parade preceding the address.

Arthur E. Wendt,  
Commander.

## TOWNSEND CLUB HELD PICNIC

The Townsend club enjoyed an old-fashioned picnic at Conine's Grove, Sunday afternoon.

Entertainment was furnished by music and ball games and the picnicers enjoyed the afternoon even though the affair had been planned in a hurry and not much time was available for preparation. Instrumental music was furnished by George Annis on a violin, and Mrs. June Underwood supplied a fine accompaniment on a guitar. Old time music was rendered, which always fits in well with an outdoor program.

During the afternoon, the Townsend Dodgers, baseball team managed by Chuck Woods, succeeded in downing the Smith Independents, managed by Sam Smith, to the tune of 7 to 2.

The entertainment committee was Mrs. George Biggs, Mrs. Laurence Hunter, and Jake Hanselman.

Everyone who cared to participate was warmly welcomed by the Townsends and went away well satisfied with the afternoon's entertainment.

## HOW WOULD YOU LIKE—

How would you like to sing up to high "C"? And hold it a minute or so? Or maybe you'd rather be a great bass and sing down beneath do.

Still perhaps you'd rather be a great cook, and make cakes that would not fail.

If you'd like to do some of these, be great in all of these, Enroll now in Harmony Hall.

## Michelson Memorial Church

A Community Church

Edgar Flory, Pastor.

Thursday, May 28, 7:30—Fellowship Hour at the parsonage. Everyone interested in religion and its relation to modern problems is invited.

Friday, May 29, 7:30—Choir rehearsal.

## Sunday, May 30

10 o'clock: Church School.

11 o'clock: Morning Worship.

Members of the I.O.O.F. will attend the service in a body as part of their memorial observance.

7:30: Epworth League will meet at the church.

Sunday, June 7th, will be observed as Children's Day. The young people and children of the Church School will have charge of the service at 11 o'clock and will present a program of worship which we are sure will prove both inspiring and helpful.

## Church Notes

Recent events in the Church School were a party by Mrs. Poor's class and the redecoration of the class room of that group.

The Epworth League gave a wiener roast on Tuesday of last week.

Religion is the hope of the world. Do your part by attending church every Sunday morning.

Now that the tourist season is here again, we find that the number of visitors at our church services is increasing. We urge the members and friends of the church to be present to receive these visitors, to welcome them, and to add to the atmosphere of the worship service by sharing in the public worship.

## NOTICE

The Townsend Club will meet Monday night, June 1, 1936, at 8:00 o'clock sharp.

L. Hunter.

## Legion Jottings

Last Sunday the Drum & Bugle Corps went to Mio and participated in the Memorial services held at that place. The services were very well planned and the Legion and Auxiliary of Mio deserve a lot of credit for the fine program. Several Grayling ladies went along, making up a crowd of some 50 to attend the exercises from here.

Monday and Wednesday evenings the Corps went to the airport grounds for drill practice. All members of the Corps are requested to be present tonight at the airport for a final workout before Decoration Day.

All ex-service men and auxiliaries and any other organizations who wish to march in the Memorial Day parade are requested to be at the Legion hall Saturday morning at 7:30. The sons and daughters of Legionnaires are especially invited to attend.

The Drum & Bugle Corps will wear a little different uniform than last season when they appear in Grayling on Memorial Day, Saturday, on our streets for the first time this season.

The Legion have a new flagpole which will be erected this week from which their big flag will be flown on Memorial Day.

Organize Junior Baseball League. Comrades Oral Levan and Alvin LaChapelle attended a business meeting at Prudenville Tuesday of the American Legion Junior Baseball League.

Grayling boys are practicing and the team has entered the League. These boys are from 14 to 17 years and this is when the youngsters need a chance to play ball to develop into star players. The Legion all over the country is forming baseball leagues and with the backing of the public will surely develop some players whom we hope will some day be in the Major Leagues.

At this meeting the following name and schedule was adopted for the season of 1936:

Northern League 10th District American Legion Junior Baseball.

June 5—Gladwin at Prudenville. Roscommon at Grayling. Mio at West Branch.

June 12—Prudenville at Roscommon. West Branch at Gladwin.

June 14—Mio at Grayling. This date changed from June 12 on account of 9th, 10th and 11th District meeting held here on June 14.

June 19—Gladwin at Roscommon. Mio at Prudenville. Grayling at West Branch.

June 26—Gladwin at Grayling. Roscommon at Mio. West Branch at Prudenville.

July 3—Mio at Gladwin. Prudenville at Grayling. Roscommon at West Branch.

July 10—Prudenville at Gladwin. Grayling at Roscommon. West Branch at Mio.

July 17—Roscommon at Prudenville. Grayling at Mio. Gladwin at West Branch.

July 24—Roscommon at Gladwin. Prudenville at Mio. West Branch at Grayling.

July 31—Grayling at Gladwin. Mio at Roscommon. Prudenville at West Branch.

August 7—Gladwin at Mio. Grayling at Prudenville. West Branch at Roscommon.

## Republicans To Hold District Rally

AT GAYLORD, FRIDAY, JUNE 5. GOV. FITZGERALD WILL BE SPEAKER

Gov. Frank Fitzgerald, accompanied by Orville E. Atwood, Secretary of State; John J. O'Hara, Auditor General; James F. Shepard, Deputy Attorney General; Louis R. Morony, Director Motor Vehicle Division of the Department of State, and Edward Stevens, Comptroller, State Liquor Control Commission, will hold a regional Republican Rally at Ming Hall, Gaylord, Friday night, June 5, beginning at 8 o'clock.

Attorney General David H. Crowley, will act as chairman of the meeting.

Others will be present, if at all possible, are Justice Louis F. Fead, Justice Harry S. Toy, Justice Walter H. North, all of the Supreme Court; John S. McDonald, chairman Michigan Liquor Control Commission, and Hugh E. Little, secretary of the State Administrative Board.

This meeting will be the opening gun in the coming Primary Election, preceding the General in November.

Gov. Frank Fitzgerald will be the main speaker, with short talks by other members of the administrative board and judiciary.

Frank J. Shipp, chairman of the Otsego County Republican Committee is making all arrangements for an enjoyable and profitable meeting. The ladies quartet of Grayling will sing. Walter Noa will give a few violin selections, and the Gaylord School Band will lead the procession to the Hall.

Invitations have gone out to the 24 northern counties of the lower peninsula to send delegations, and responses thus far received indicate one of the largest meetings ever held in the north and the largest meeting of its kind to be held in this section this year.

Issues facing the people will be freely and openly discussed, and everyone is invited to attend.

## Camp Fire Notes

The Wetomachick Campfire Girls were very happy over the "Day of Fun" sponsored by them on Saturday. This event will help win their group "Birthday Honor" for 1936.

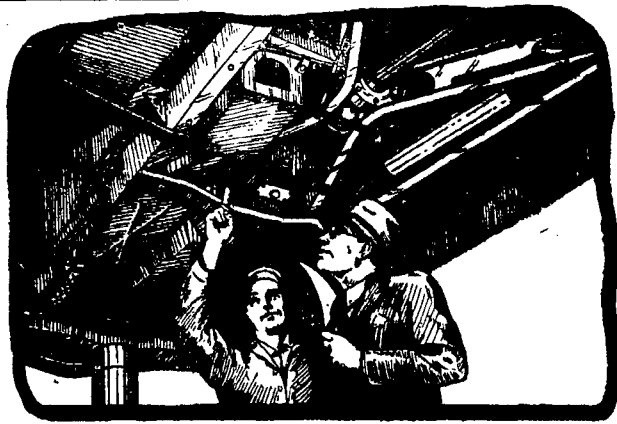

The Campfire Girls had an opportunity to carry out their Campfire Law in many ways in this Saturday event. Our law is "Seek Beauty, Give Service, Pursue Knowledge, Be Trustworthy, Hold on to Health and Be Happy."

Each girl was a member of some committee for the tournament and each girl proved herself responsible for carrying out the work assigned to her.

We are hoping to have a week or two of camping this summer. The Woman's Club presented us with \$10 to be used toward the camping fund for the Campfire Girls who helped with the "Tag Day." A nature study teacher and a manual arts teacher have offered their services for the camping period. Mrs. Flory and Mrs. Stealy are looking for a camping site.

The next meeting is to be Friday, May 29, at Mrs. Flory's.

hose had been distributed by the ladies, which were brought to the meeting containing the number of cents in accordance with the size of hose worn. Close to \$11.00 was realized from the venture.

**THURSDAY, MAY 28, 1936**  
**LANDSLIDE REPUBLICAN CLUB**

A group of men met at the Peter Lovely dining hall at the Military reservation Tuesday night and organized a republican club, selecting for its name the "Landslide Republican Club." Over 100 persons were in attendance, pledging their support of the republican party at the polls for next November election. Voters from several townships were in attendance.

Nominations for officers were presented, resulting in the final election of Attorney Charles E. Moore, Grayling, president; Ace Leng, Frederic, vice president; Earl Wood, Beaver Creek, secretary; and Dr. C. R. Keyport, Grayling, treasurer.

Mr. Moore gave a resume of the political situation as it exists today, emphasizing the need of real American administration at the head of our government. After his talk, speech-making seemed to be spontaneous, and there seemed to be an overwhelming bitterness against the Washington administration.

Other meetings will be held in the near future, in which all men and women will be invited. Also meetings will be held in outlying townships. William Hill was chairman of the meeting and it was by his diligence and planning that this meeting was such a huge success.

Sandwiches and coffee, and beer, for those who wanted it, were served. Good speeches, lots of music and good eats, while bumping elbows with friends of mutual interests made the first meeting of the club a great success.

#### ATWOOD'S TAX PLAN

Orville E. Atwood, Secretary of State, recently went on record as favoring exemption of used cars from the state's three per cent sales tax. He cited several reasons for his beliefs that this relief should be granted by the 1937 legislature; among them being that the automobile industry is already heavily taxed, and that such exemptions would not prove a serious drain on sales tax collections.

Both reasons are sound. The mechanics of the plan is a matter which could be worked out satisfactorily. The essential thing for all residents of Michigan to bear in mind is that any relief granted the automobile industry is an aid to everyone in the state.

Automobile dealers will tell you that the used car factor in the sale of new cars is a serious one. Dealers don't care to have

their money tied up in used cars any longer than they can avoid it, yet in many instances, the inclusion of the sales tax placed "ups over the apples," especially when the prospective buyer has only a limited budget. To speed the turn over of used cars and accelerate the sale of new ones as well.

The 1937 legislature will be faced with many proposals for sales tax exemptions. Most of them would ruin the system. No other proposed exemption would aid Michigan's chief industry so much as Atwood's.

#### CLUB AND SOCIAL NOTES

The girls of the "Just Us" club were very nicely entertained, Tuesday evening, at the home of Miss Mina Mae Sorenson. Mrs. Wesley LaGrow, of Detroit, was a guest of the club, and Miss Martha Sorenson, of Mackinaw City, still a member, was also here for the affair. The hostess served a very nice lunch.

Mrs. Sidney Robarge was hostess to the ladies of "Oug Gang" club Thursday afternoon. 20 members answered to roll call and there was one guest, Miss Phoebe Slocum, of Fife Lake. Prizes for games were awarded to Mrs. Charles Corwin, Mrs. Jewey Palmer, Miss Phoebe Slocum, Mrs. John Stephan, Mrs. Sherman Neal, Mrs. John Corwin, and Mrs. Middle LaMotte. The penny prize was given to Mrs. J. VanNatter. The birthday anniversaries of several of the members, whose birthdays were in the month of May, were celebrated, including Mrs. Dewey Palmer, Mrs. Charles Corwin, Mrs. N. VanNatter, and Mrs. Barton Wakeley. The birthday cake was made by Mrs. Archie Brown. The next meeting will be held June 4th, at the home of Mrs. Kenneth Clise.

The "Bunco" club was nicely entertained Thursday evening at the home of Mrs. Kenneth Clise. Five tables were in play and the prizes were awarded as follows: first prize, Mrs. N. VanNatter; second, Mrs. Huri Deckow; and consolation, Mrs. Barton Wakeley. Refreshments were served. Guests of the club were Miss Phoebe Slocum, of Fife Lake, Mrs. George Clise, Mrs. Percy Budd, and Jean Wakeley. The club meets this evening at the home of Mrs. Wilbur Broadbent.

Mrs. Floyd Taylor entertained a number of her friends at a Bunco party at her home Thursday evening. Prizes were given to Mrs. Kenneth Clise, first; Mrs. Edna McEvers, second; and Mrs. Hattie Moshier, consolation.

The members of the Birthday Club celebrated the anniversary of Mrs. Richard Lovely, Saturday evening, at her home. Pinocle was enjoyed and prizes awarded to Axel Peterson, first; and Eugene Papendick, consolation. A delicious lunch was served and Mrs. Lovely presented with a lovely gift. Mr. and Mrs. Walter Goss, of Hartley, Mich., were out-of-town guests.

SECRET OF CUSTARDS

CUSTARDS are such good desserts for children and aged as well as for those who have weakened digestion. The secret of a good custard is in the cooking.

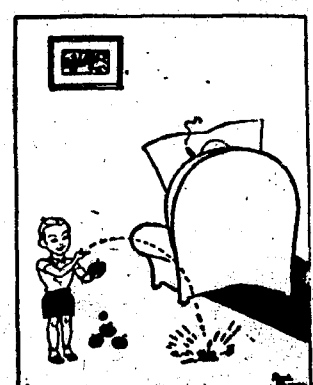

Steamed Cup, Custard.

Beat two eggs lightly until the whites and yolks are well mixed, add three tablespoons of sugar, a bit of salt and a generous grating of nutmeg. When the sugar is well dissolved add a pint of good milk, stir and mix well and pour into three custard cups if large—four if small. Set in a pan of hot water and put on to steam. Do not let the water stand too deep in the pan so that in boiling it will roll into the cups. Watch carefully after the boiling begins; test with a clean knife thrust down the center of the custard. When the knife comes out clean remove the cups at once from the hot water and chill before serving. For variety in flavor—melt a few tablespoons of sugar in a smooth frying pan and pour this caramel into the bottom of the cups before adding the custard. When cooked they may be turned out and the caramel will form a brown sauce over the custard.

Meringue of Rice.

Put a cup of rice to cook in a pint of boiling water. When the water has evaporated add a pint of milk, a tablespoon of butter, the grated rind of a lemon and four well-beaten egg yolks. Butter a pudding dish and pour in the mixture, adding a little salt. Beat the whites of the eggs until stiff, add a tablespoon of lemon juice and half a cup of sugar. Spread over the pudding and bake until brown.

### CAMP AUSABLE

Dedication Dance Wednesday Night, June 3rd

Wheeler's Pori-Dots orchestra of Grayling will furnish the music for a beautiful dance and lawn party at Camp AuSable. The dancing will be in the new educational building. Outside tables and benches will be arranged under noon lights where sandwiches and coffee will be served. Captain and Mrs. Bryant, Jr. and Mrs. Gottlieb and Mr. and Mrs. Buchen will act as emcees.

Olen Wanty, formerly a foreman here, was a visitor Sunday. He is now stationed at Camp Houghton Lake.

Mr. L. L. Close from the Department of Public Instruction, Lansing, visited Camp AuSable Thursday. While here he gave a very interesting lecture to the enrollees. His talk stressed the importance of a common job uncommonly well.

Bischoff, Bailey, Coulter, Jones, Daniels, Koole, Raymond, and Thompson, enrollees from camp, attended the Junior Prom at the Grayling High School Friday night. According to their report the party was a complete success.

The new educational building is now in use and the boys are taking full advantage of a quiet comfortable place to read books and magazines and write letters.

AuSable's baseball team went down to defeat Saturday at the hands of the Higgins nine. 681's players were without the services of Yurisch famous third baseman, and Mickey Rudd, the catcher.

L. Modreski, O'Connor, Tischler and Hartin are working on a project of a new type. They are painting the outside and inside of the Chub Lake, Hayes, and down river fire towers.

Mr. John Thole, technician, has returned from an extended leave of absence during which he had his eyes tested for new glasses.

Lt. Shovar, from Camp Eldorado, was an overnight guest at Camp AuSable, Saturday.

### Other C. C. C. Activities

Junior forester Paul Schroeder and seven enrollees of CCC Camp Higgins Lake have completed the planting of 13,500 White Ash seedlings bordering a swamp area of the Crawford Game Refuge, to provide food for deer in the Refuge.

Another crew of enrollees, working at the Forest Fire Experiment station south of Roscommon under foreman Earl Dutton, has become proficient in the art of making cement blocks. The blocks are used in the construction of a machine and repair shop. The boys turned out 471 blocks on their best day, using three blocking machines.

Eleven enrollees of Camp Higgins Lake have been transferred to Camp AuSable to work in the Michigan Conservation Work drafting room.

## what Irvin S. Cobb thinks about:

Yesterday's Literary Lights.

**HOLLYWOOD, CALIF.**—The other day Finley Peter Dunne passed away. Thirty years ago his articles meant each week a roar of joy as wide as the continent. His books sold enormously; his country properly acclaimed him its greatest satiric humorist. Yet I'll venture not one in five of the on-coming generation ever heard his name, and we thought the fame of "Mr. Dooley" was eternal.

Mary Johnston, who wrote some of the most distinguished novels of her time, also died recently. In the papers I saw she rated only a brief paragraph.

Slower than Americans to give their love to man or woman, the English remain in sentiment wedded to the idol from then on. The marriage between popularity and merit lasts till death doth them part. But, we, who elevate a favorite to a pedestal overnight, forget that favorite overnight. We make an ardent sweetheart, an impetuous bride, but a most inconstant spouse.

"Simplified" Revenue Bills.

CONGRESS is wrestling with the new "simplified" revenue bill, having simplified it down to a mere sixty-odd thousand words—about the length of a fair-sized summer novel. But the plot is different—and having made its provisions so clear and lucid that you may read it backward or forward, you seem to get practically the same result either way.

It may yet be necessary to call in Professor Einstein to elucidate it. If he can explain his theory of relativity—and the professor still asserts he can—he might be willing to tackle the job.

Anyhow, the ultimate outcome—and in this connection I certainly like that word "outcome"—must be that congress will find a method further to lighten pocketbooks.

Where the League's Headed.

IN SPITE of what's happened lately, one persistent last-ditcher and forlorn-hoper among the British diplomats insists the League of Nations, to quote his own words, is "a going concern."

Yes, but where? Makes me think of a little yarn a man told me:

"Fifteen of us," he said, "were waiting our turns to buy tickets one hot night at Grand Central station. All at once a gentleman, far overtaken in alcohol, forced his way to the head of the line, using his head to butt with and his elbows to paddle with, and emptied his pockets of some small change, and slapped it down on the shelf and yelled: 'Gimme a ticket to Buffalo!'"

"This all the money you got?" demanded the man behind the wicket.

"Yes."

"Why, you can't go to Buffalo for a dollar and forty cents."

"Well, where can I go, then?" said the stew.

"And with one voice all fifteen of us told him."

G-Man Hoover's Efficiency.

YOU can't help liking the fellow's style of repartee. "And what's a person named Hoover doing to justify his hanging on with this administration?" or words to that general effect, says Senator McKeller, of old Tennessee, brightly. "Scuse me, massa," murmurs J. Edgar, reaching for his hat and handkerchief. "Ah won't be gone long, boss." And inside of a week or two he drifts in, strumming a plantation tune on his G-string and, by gum, if he isn't towing a whole mess of public enemies.

That's what I call an apt retort, or, as the purists would put it, a snappy comeback.

Yellow Public Enemies.

WHAT is it that has turned them from cop-killing braves into quivering wretches who cower in hiding like mice behind a wainscot, who flinch like trapped rabbits when they're smoked out, who whine like whipped cur-dogs for a chance to plead guilty?

Own it because, instead of courageous but inexperienced local officers, they now face trained man-hunters who'd rather destroy such human vermin than eat pie? Or is it because, instead of going to trial in state courts where unscrupulous shysters may trick dazed jurors into showing mistaken mercy and where, even though convicted, there's nothing ahead worse than temporary detention in some criminal-coddling retreat with sentimental modellers to pamper them and mush-mixed parole boards waiting to free them, now they get a full measure of stern justice from federal judges and go to real prisons, to stay there—burr!

## Use Vines Around Homes to Keep Reptiles Away

Negroes in the southern states have faith in various "safe" plants. They plant calabash vines and gourds of certain kinds so that they will grow on their cabins or along the garden fences to keep the reptiles away by their odor. The pungent, fishy smell of the leaves of the horseshoe geranium is another, among the many plants ignorantly regarded as safeguards, or somehow connected with snakes.

Careful investigation shows that such superstitious precautions are useless, and, further, botanists assure us, says a writer in the Montreal Herald, that no North American plant is feared or avoided by any snake, venomous or otherwise. The placing of the ash-tree among these false protectors is probably a forgotten importation from the outworn ideas of former times in the Old World. Early colonists brought here many bits of ancient lore in natural history, but finding that most of them fitted badly in the new circumstances they were gradually abandoned. Now and then a fragment turns up. The pioneer farmers in Massachusetts relied upon a cathartic medicine made of the leaves and bark of the white ash as a cure for snakebite—especially that of the rattler. One historian quotes an old statement that New England birds fly to that tree and bring back leaves to cover their eggs "when the crawling enemy is seen in the neighborhood, since the rattler always avoids white ash."

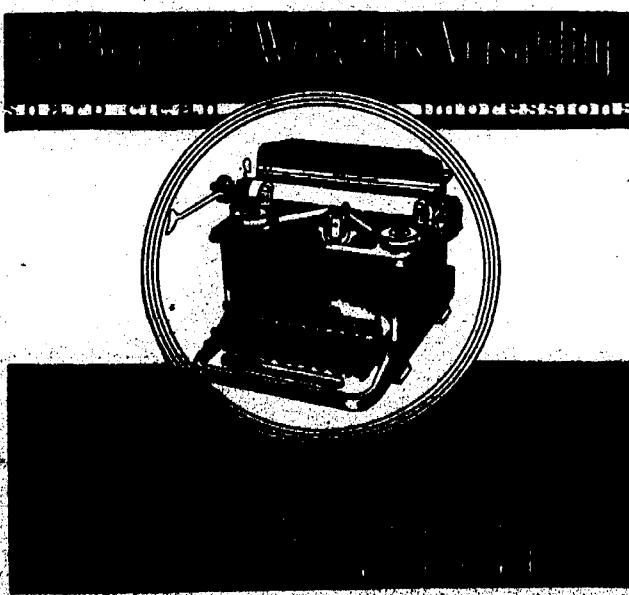

## Texas Once Nearest to the State of California

When California was admitted to the Union in 1850, it meant a long jump. The nearest state to California was Texas. California was a sort of outlying "island" surrounded by vast territories which, in some cases, were not organized into states until as much as 60 years later.

In fact California was believed to be an actual island or group of islands in early Spanish times before it had been much explored. Though its coast was touched in 1542-43 by Spanish navigators, California was not settled until 1769. Spain then added it to her Mexican territory to forestall occupation by England or Russia. Distance and sparseness of settlement kept California from ever developing close ties either to Spain or to Mexico. Americans went to California to settle, and there was strong sentiment for annexing California to the United States both among these immigrants and among Americans at home, where the doctrine of the "manifest destiny" of American westward expansion was taking hold.

## Soil Conservation Restores Fertility

The 1936 soil conservation program provides for cash payments to farmers who follow certain practices that will restore soil fertility, and thereby add to one of our greatest national resources. The first step for the farmer is to take a soil test. The 1936 crop acreage figures, and other necessary information. Most of the farmers have already met this requirement by assisting the committee man who called at their farm for the purpose of listing this information on the work sheet.

The chief purpose of the work sheet is to aid committees in establishing a soil-depleting base for the farm. This base is needed to determine (1) a farmer's contribution to soil conservation this year, (2) his eligibility for a payment, and (3) his total payments.

On most farms in Michigan the total soil-depleting base will be the total acres in general soil depleting crops, such as corn, oats, wheat, barley, potatoes, millet, and sudan grass, which was harvested on the farm in 1935.

Modifications in this total acreage will be recommended by the community committee to the county committee so as to adjust the base for unusual variations in 1935 plantings resulting from drought, flood, or unusual weather conditions; and (2) to bring abnormally high or low bases more nearly in line with bases for similar farms in the community.

When the base for each farm in the county has been approved by the State Committee, the final figures will be made available to the individual farmers.

In order to establish the base and to check the use of land on the farm this year, crops grown on cropland have been divided into two classes, (1) soil depleting and (2) soil conserving.

The soil depleting crops are field corn, sweet corn, small grains such as oats, wheat, barley, rye, etc., harvested for hay or grain; annual grasses pastured or harvested for seed or hay, like sudan grass and millets; soybeans, field beans, cowpeas and field peas harvested for grain or hay; potatoes and vegetable crops, strawberries and melons. Land in any of these crops will be considered as used for the production of a soil-depleting crop for the year in which the crop is harvested.

The soil conserving crops include practically all of the legumes, and the perennial grasses which are grown on cropland. Such crops being, alfalfa, all the clovers, vetch, timothy, bromegrass and quack grass. If these crops are to be classed as soil conserving when they are grown with a nurse crop such as oats, barley, wheat, buckwheat or grain mixtures, the nurse crop must be pastured enough to prevent grain formation, or clipped and left on the ground. Soybeans, field beans, cowpeas and field peas are classed as soil conserving if they are not harvested for hay or grain, or pastured, but are plowed under as a green manure crop. Forest trees are soil-conserving if planted on cropland since Jan. 1, 1934.

Certain acreages of land on the farm are classed as neutral; that is, they are not to be included in establishing the base nor considered as soil-conserving, unless otherwise provided. They are, pasture orchards and vineyards; cultivated fallow land; roads, lanes, yards and building lots; woodland; and idle cropland in 1935 unless otherwise provided.

A farmer who performs in line with the standards of the program may qualify for either or both of two classes of payments:

He may qualify for a Class I (Soil Conserving) payment if he shifts some of the acreage in his soil-depleting base to soil conserving crops this year. The payment will be on a per-acre basis and will vary between farms, between counties, and between states according to the relative productivity of the land. The average rate for the whole country will be about \$10.00 per acre. The largest number of shifted acres for which a farmer can receive payment, however, is 15% of all his soil-depleting base acres.

To illustrate: If a farmer has a soil-depleting base of 100 acres, he may qualify for a class I payment on any number of acres from 1 to 15 (15% of 100 acres, or 15 acres, is his maximum) which he takes out of corn, oats, potatoes, or any other general soil-depleting crop and plants to a soil conserving crop. If he shifts 10 acres to soil conserving crops in 1936, he will qualify for the class I payment on 10 acres. If the class I payment rate in his county averages \$12 per acre and the productivity of his land is 90% of the county average, he will qualify for a class I payment of \$10.80 (90% of \$12.00) times 10 acres, or \$108.00.

In addition a farmer may qualify for a class II (soil building) payment which will be made at different rates for new seedlings of certain crops and for the adoption of certain approved practices. To date the following rates per acre have been approved for the following new seedlings and practices: Alfalfa \$2; Red and mammoth clover \$1.50; Alsike, sweet, white, and crimson clover, and vetch \$1.00; Blue grass (June grass) \$2; bromegrass, orchard grass \$1.50; Soybeans, cowpeas, and field peas if the entire growth is plowed under \$1.50; Rye, oats, barley, etc., seeded after harvest of potatoes or truck crops and plowed under between Jan. 1, 1936 and Sept. 30, 1936, \$1.50; Rye, oats, barley or annual grasses seeded as cover crops in orchards, vineyards or raspberry plantations and plowed under between March 1, 1936 and July 1, 1936, \$1.00.

Two tons of ground lime per acre \$2.50; 4 yards of marl per acre, \$2.50; fertilizers applied be-

tween Jan. 1, 1936 and Sept. 30, 1936 on crop land used for growing legumes or grasses and from which crop land no soil-depleting crop is harvested in 1936 or planted for harvest in 1937, \$1.00 to \$2.50; Forest trees planted on crop land or non-crop pasture land between Jan. 1, 1936 and Sept. 30, 1936 in accordance with State Forestry recommendations \$5.00.

There is a limit, however, on the total Class II payment a farmer may receive. This limit, which is called the soil-building allowance is the same number of dollars as there are acres in soil-conserving crops on cropland on his farm in 1936. To illustrate: A farmer has 25 acres in soil-conserving crops on his farm this year—10 acres of clover and timothy and 15 acres of alfalfa. As his soil-building allowance is \$25, his class II payment can not be more than \$25. He may earn \$30 for seeding alfalfa at \$2.00 per acre in his 15 acre field of oats which is to be harvested for grain, but his allowance is \$25. He cannot include the 15 acre new seeding of alfalfa in figuring his allowance because oats, a soil-depleting crop, has been harvested from the land.

In some cases a Class II payment will be made on the same acres that were shifted from soil-depleting crops and for which a Class I payment was made. To illustrate: A farmer may receive a Class I payment of \$100, more or less, for shifting 10 acres of his soil-depleting base acreage to soil-conserving crops. If the entire shift was made to alfalfa seed alone, he would be eligible for a Class II payment of \$2.00 per acre for new alfalfa seedlings, or \$20, in addition to his Class I payment, providing the \$20 Class II payment did not exceed his Class II allowance.

Both Class I and Class II payments between owner and tenant will be divided in the same way as the principal soil-depleting crop, or as the proceeds from this crop is divided under the terms of the lease.

A farmer who applies for a grant will not qualify for all the payments that otherwise may be due him unless he has an acreage in soil-conserving crops in 1936 which is not less than 15% of the number of acres in his soil-depleting base.

This 15% minimum requirement should not be confused with the 15% maximum, which is the largest number of acres in the base on which a farmer can receive a Class I payment for making a shift from soil depleting uses to soil conserving uses.

If a farmer fails to meet the minimum acreage of soil-conserving crops on his farm this year, a deduction of one and one-half times his farm's class I payment rate may be made from any payment otherwise due him.

A deduction also may be made if the acreage of all soil-depleting crops on the farm in 1936 is larger than the base. For each acre in excess a deduction at the general Class I payment rate for the farm will be made from any payment that otherwise may be due the farmer.

**Critics Praise Tourist Guide**  
Responses to the publication of the 1936 Tourist Guide—coming from all walks of life in many sections of the county—have far surpassed expectations of the Log Office.

From the start the editors harbored the opinion they were publishing an outstanding Guide that would reflect credit upon the territory it embraced, as well as E.M.T.A. itself, but it was difficult to predict the countless letters of commendation that have come in since its publication.

Excerpts from a few follow: Says Jim Donahue, Sports Department, N.E.A., Cleveland: "Twas a swell book you got out. E.M.T. should take a bow. It's just about the nicest thing I've seen and I've got thirty-seven clutched in my desk now. If that doesn't bring tourists to East Michigan, nothing will."

Mrs. E. R. McNichol, Greenbush Inn Estate: "It is the finest Guide you've gotten out yet."

Watson Beebe, Hackmatack Inn, Cheboygan: "Hackmatack considers the '36 Tourist Guide not only the best that E.M.T. has produced but as fine a piece of work as we have ever had the pleasure of observing. The arrangement of the detail and style and color show much forethought and artistic conception. It is a pleasure to be recorded in such a masterpiece."

Jim MacGillivray, Oscoda: "No organization anywhere at any time has given its public a more beautiful book."

Will B. Gregg, Onaway: "It's a gem! A work of art!"

Rean Mooney, Gaylord: "You sure went to town on this year's book. It's wonderful."

Orville E. Atwood, Secretary of State, Lansing: "It is an excellent magazine and should prove valuable to the entire state."

E. J. Leenhouts, New York Central Lines, Chicago: "It is indeed the finest piece of literature you have published and ranks with the best from any other region."

William Ackerman, Editor, Ackerman's Sportsman's Guide: "During twenty-five years in the publishing business the writer believes that your Guide is the most attractive piece of literature that we have received from a Tourist Association."

Roger Andrews, Menominee: "I want to be among the first

to congratulate you on one of the most beautiful promotional travel books that has ever come to my desk. You certainly have gone a long way with the very highest type printing and promotion in your plans for 1936."

C. A. Pinkerton, Detroit and Mackinac Railroad: "I add my congratulations to the many others that I know you have received, for the excellent and beautiful book that certainly does credit to the Log Office. You may well be proud of it."

W. H. Foster, Editor, National Sportsman: "We compliment you on 'East Michigan'. It is a splendid job all the way through and we trust it produces the results it deserves."

Bill Myers, Lapeer County Press: "Congratulations on the Blue Book. It's swell and quite a notch in the old six shooter for E.M.T."

Among other letters of commendation, many travel bureaus, automobile clubs and information offices have sent encouraging and complimentary letters to the Log Office regarding the publication.

And if all the orchids handed out are true evaluations of the book, it would seem East Michigan should be proud of the publication.

**Towns Set Dates For Summer Fetes**

Six East Michigan communities have set dates and filed data with the Log Office concerning their summer festivals and celebrations.

They are—

Cheboygan Homecoming—July 2-3-4-5.

Gaylord Outdoor Festival—June 26-27-28.

Oscoda Silver Jubilee—July 2-3-4-5.

Mio Bass Festival—June 20-21.

Onaway Scenic Tours—May 30, July 3-4-5, August 16, September 1-8.

Other communities anticipating celebrations are urged to forward dates and data to the Log Office that this material may be included in the News Releases now being sent to more than 175 newspapers throughout the Middle West.

**Several Agencies Put Out Folders**

There are a half dozen resorts and communities really "going to town" this year and availing themselves of the services of the Log Office in connection with the editing and preparing of folders that really are folders.

**CITIZENS' MILITARY TRAINING CAMPS SCHOLARSHIPS ANNOUNCED**

Young men who attend the Citizens' Military Training Camps at Camp Custer and Fort Brady from July 2nd to 31st, will not only get a month at camp without expense, but will have an opportunity to continue their education during the year under scholarships to be awarded outstanding trainees.

Three Michigan schools have offered scholarships for the school year of 1936-1937, Phelps Newberry, Civilian Aide to the Secretary of War, announced today. These schools are the Detroit Institute of Technology, Western State Teachers' College at Kalamazoo, and the Michigan College of Mining and Technology at Houghton.

The award of scholarships by schools and colleges throughout the United States is a material aid to the Citizens' Military Training Camps which are primarily schools of citizenship where the youth of the Nation is taught the activities and traditions of government, leadership, and self discipline. In addition to lectures on citizenship, health, first aid, and physical development, the camps carry on an extensive program of physical training and athletics. Mass games provide athletic training for every young man in camp, and a supervised program of social events rounds out the camp activity.

This year the quota for Michigan camps was increased to 1450. No more applicants are being accepted for Fort Brady, but there are approximately 200 vacancies for Camp Custer. A number of counties including Wayne have not as yet filled their quotas.

Applications can be obtained from the C.M.T.C. Office, 472 Federal Building, Detroit, or from County Chairmen and Committeemen.

Now that G. Edgar Hoover is pretty well caught up on his home work we wonder if he'd mind paying a bit of attention to the fellow who starts tooting his horn in a traffic jam?

Little Melvina LaBrash, 6 year  
 old daughter of Edlore LaBrash,  
 of Flint, is in a serious condition  
 in Hurley Hospital there, suffer-  
 ing from burns. The little girl  
 was putting paper into a stove  
 when her clothing caught fire.  
 Frightened, she ran out-of-doors  
 and the wind fanning the flames  
 burned all the clothing from her  
 body and she was severely burn-  
 ed. Latest reports say she has  
 little chance of recovery. The  
 little girl's mother Mrs. LaBrash,  
 passed away about a month ago  
 of pneumonia.

Mr. and Mrs. Carl G. Johnson  
 of Detroit were in Grayling Sat-  
 urday to look after the graves of  
 Mr. Johnson's parents, Mr. and  
 Mrs. John A. Johnson who are  
 buried in Elmwood cemetery.  
 Carl G. was a former Grayling  
 boy and attended our schools. He  
 wondered if some of the old  
 favorite fishing holes on the  
 AuSable were still yielding up  
 their quotas of trout. Some of  
 the visiting fishermen with their  
 expensive fishing equipment  
 sometimes wondered how these  
 native boys could get so many  
 big ones. Carl said it was no trick  
 for they knew where to find them  
 —and how to catch them with  
 their cedar poles.

The one and only time during  
 the year that the American  
 Legion Auxiliary makes a drive  
 for funds is at their annual poppy  
 sale. The poppy sold by the  
 Auxiliary is the only veteran-  
 made poppy, made by disabled  
 veterans in the American Legion  
 hospitals in Michigan. They re-  
 ceive a small amount for each  
 poppy, and in turn the money  
 realized by the local Auxiliary is  
 used for child welfare work  
 among the veterans' families.  
 The Auxiliary appreciates very  
 much the kindness of the public  
 for their kind response this year.  
 The sale however will last until  
 Memorial Day.

Complimenting Miss Margrethe  
 Hemmingsen, some of her friends  
 arranged a pleasant surprise  
 party at Danebod hall last eve-  
 ning. Miss Margrethe will soon  
 be leaving on a trip to Denmark  
 and the party was to bid her bon-  
 voyage. The lunch table was  
 centered with lilies-of-the-valley,  
 surrounded by ships; and place  
 cards and favors were cleverly  
 carried out in anchors, life-savers  
 and other things pertaining to a  
 ship. There were some 30 ladies  
 present, and the guest of honor  
 was presented with a lovely gift.

### Among the Clerks

(By J. Wellington Bumsted)

The Wheeler sisters must have been pretty high hat Sunday evening 'cause even Mrs. Wheeler won't speak to them this week. She thinks it must be the weather.

There must be something to this fish story stuff for even little Margaret Buck is baiting them on now. This youngest of the Buck sisters is now working at Sailor's and is learning to make bait.

"Pi" Robertson now has to rent a typewriter a couple of times a week in order that he may get the usual manuscript off to West Branch.

It is said Alex Kochanowski's mama has to pay him two bits a week extra in order that he will keep his curls. Alex is continually threatening to have his head shaved during the hot weather!

Out of all Blanch Wheeler's admirers the lad from '81 seems to have risen the nearest to stardom. This scrapping young chap has even offered to lay down his life for her if need be. Oh, well, it's nice having a Jimmy Braddock in the offing—just in case.

Sammy Gust, of Sam's Toggery Shop, paid 75c for a lobster, one night, and then couldn't eat it—the boys say he forgot to take his can opener along! Sam says, "Anyway, it was some lobster!"

Alex Atkinson says there just won't be any justice until the law allows hunting on the game refuge.

F. J. Mills is sporting a sprained wrist—injured in a fistie combat with a plow, horse, or other farm animal, when he was back on the farm over the week end. He plans to join a rodeo in the fall!

Anyone wanting to try Fred Bishaw's specialized lamb dinner notify Eva Swanson, who does the dressing!

The Hanson Cafers seem to believe that Edith Collens would make a wonderful airline hostess—she's such a good hostess at the Hanson Cafe. She especially likes to entertain barbers!

Helen May thinks she has just about the nicest job in Michigan. She's assistant counter hopper and dish washer to Leland Marshall and is so very fond of her job that she makes a habit of keeping the Daniels chap on the mat until four in the morning. It's all right with us so long as George doesn't have anything to say about it.

Lloyd Gierke, of the Shoppens Inn, would make a lovely husband for someone. What that fella can't do with a mop and a pail of suds!

### THE GATES

By DOUGLAS MALLOCH

WE WALK the streets of some strange town, But we meet Smith, and we pass Brown, See houses where we do not dwell, Yet, seeing, see our own as well; We walk strange cities up and down, Strange streets with nothing new to tell.

They are as we are, we as they, The men we meet along the way: Some care of ours that grieves the mind Is not some grief of some strange kind; If we could see, if they would say, The selfsame sorrows we would find.

Yes, if one really understands, Why talk of towns, or states, or lands Why talk of lands or towns or states, While every door some step awaits? God made all hills, all vales, all strands, But man, not God, put up the gates.

That afternoon, Mr. and Mrs. Hendrickson and daughter, together with their guests, and Mr. and Mrs. A. E. Hendrickson and daughter, Mrs. Edwin Carlson, and children drove to Lewiston and spent the afternoon visiting friends.

"If the bride of today used her own head when preparing her meals," says catty Katie, "all he could expect would be planked steak."

### Where September Got Its Name

September got its name from Septimus, the Latin word meaning seventh; September was the seventh month of the Roman year, which began in March.

## "TOUGH GUY" ISO-VIS "D" HAS YET TO MEET ANOTHER MOTOR OIL THAT CAN OUTLAST HIM!

Standard's premium-quality motor oil keeps your oil level UP and your oil costs DOWN

Reference—that's the thing you notice first and foremost about this motor oil. No weakening under the punishment of long, steady summer-time driving. No wilting away in the face of searing engine heat. And the reason is, Standard makes ISO-VIS "D" by a special process that removes those sludge-forming, carbon-forming impurities which cut down the resistance-to-wear of a motor oil. Every drop of IsoVis "D" is clean, smooth, all oil, long-lasting, plenty "tough"! In the long run it's an engine-saver and a money-saver.

ISO-VIS "D" IS THE LARGEST SELLING PREMIUM-QUALITY MOTOR OIL IN MIDDLE WEST

Only 25¢ a quart

Plus Michigan General Sales Tax 1¢ a qt. plus Federal Tax 1¢ a qt.—total 27¢ a quart.

It's on sale wherever you see that familiar red-white-and-blue sign of Standard Service. A special chart at each station shows exactly what grade you should use in your car for the most economical safe driving.

It will pay you to let the Standard Dealer drain your old oil, flush out the crankcase, and start you out with a fresh filling of ISO-VIS "D". Then, so far as the oil itself is concerned, you wouldn't need to drain for an indefinite length of time. IsoVis "D" won't wear out.

But it isn't wear that hurts good motor oil—it's dirt! Road dust and other gritty foreign material gradually sifts into the best-protected engine. So, for safety, drain and change your motor oil every 1,000 miles.

CHECK YOUR CAR FOR SAFE DRIVING AND LUBRICATE EVERY 1,000 MILES!

### ENCOURAGING ACTIVITY IN REFORESTATION

To encourage group interest and activity in reforestation, the Department of Conservation will supply free forestry seedlings to the public schools of Michigan each spring as long as the supply lasts.

Newaygo county offers a good example of what can be done in demonstrating reforestation in northern Michigan. Fifteen school and community forests have received approximately 79,000 Norway and jackpine seedlings from the state forest nursery at Higgins Lake for planting in forestry plots this spring. Two forestry plots were purchased for the use of Croton and Ennsley schools.

Jackpine is the only species available for spring delivery, the supply of both white and red pine having been completely exhausted. Spring shipments will be discontinued after May 20 as transplanting after that date is not generally recommended.

### FREDERIC SCHOOL

Everyone is busy these last few days either writing tests or studying for them. School ends Friday, May 29, with an all-school picnic at Otsego Lake State Park. Any parents or friends who would like to spend the day with the youngsters are urged to attend also. Lunch is to be potluck. We hope to have a good day and a good time.

The Seniors are looking very pert and dignified in their caps and gowns. Wherever you see one he is very much occupied with learning his class night speech. Baccalaureate night was a very fine affair with a large crowd present. The sermon was very good as was the music rendered by the Grayling choir.

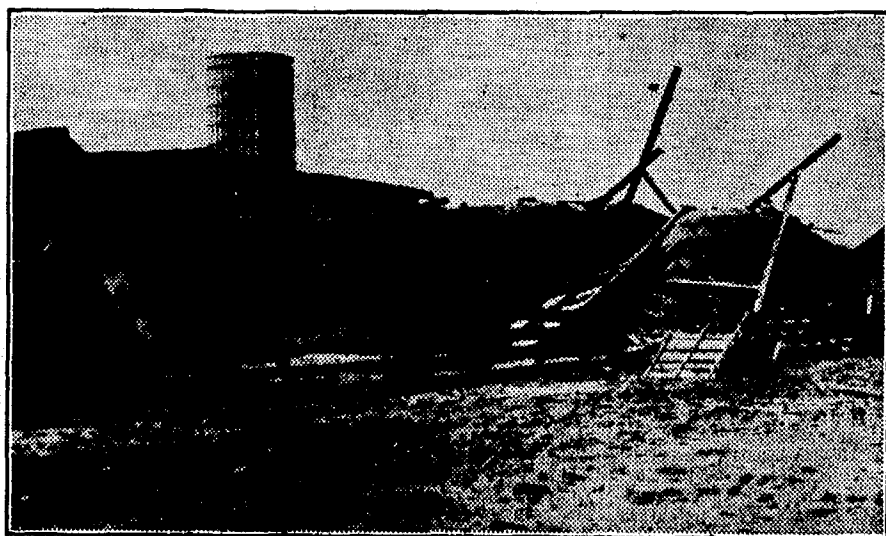

The shop class has a very interesting display in the window of Ace Leng's store. A few of the articles made were not finished soon enough to be included but the exhibit looks very nice nevertheless. Some are for sale

and are marked as such with the price.

The Senior-Basketball banquet held last Thursday evening was enjoyed by all. There were about 85 present at a very well-planned supper and it was well served. The ladies in charge certainly did well. Letters were awarded the boys first and second teams and the girls team. The trophy won by the boys was displayed so everyone could see what we are so proud of. We wish to express our appreciation to Helma Corsaut for her work as cheer leader during the year. Also to Lewis Murphy as business manager. Through an oversight they were apparently forgotten at the banquet. After the close of the banquet most everyone stayed for the dance.
